# Eco Warriors!

## Recycling Stations

This week in school we have introduced recycling stations into all of the classrooms and also in other areas around school. Our aim is to put as little waste as possible into the 'general' waste bins, reducing our school's contribution to landfill. This will support our CAFOD Live Simply campaign, and help our children learn about the importance of looking after the world's resources.

In each classroom we have:

- a paper recycling bin
- a crisp packet recycling bin (Walker's crisp recycling scheme)
- a stationery recycling bin (The writing instruments recycling program)
- a bin for any other material which could be put into the recycling bin at home (e.g. plastic, cardboard)

## Live Simply Action

For our next Live Simply action, we would like you to consider what you currently recycle at home, and think about if there are any other items you could start to recycle which you don't already put into the recycling bin. Every small action can make a huge difference!

Kind Regards

Miss Mulligan
